

Dollar a Day Uganda Education Program

This is a grass roots program to provide an education for children in Uganda.
 This program will not only be beneficial to those receiving an education, but it is exactly what children in countries who have been blessed with prosperity so desperately need.
 In order for peace to exist in ourselves, in our families, and in our world, we must install in our children the principle that all people need the opportunity for education.
 An educated person will be able to feed, clothe, shelter, and provide medical care for his loved ones; besides self respect for himself. This plan will give the providers and those provided for a relationship that can only lead to a more peaceful world.

Following is a way or some version of it that will provide the blessing of this plan for you and your family:

A. Each day for 100 days on a rotational basis have a parent or a child place a DOLLAR in THE DOLLAR A DAY BOX. Have them initial the appropriate box below each time they make a donation. For smaller children parents can make the donation, but let the child check the box.

B. At a set time, maybe once a week, read from the website <http://weniruda.org/dollaraday> the way their dollars will make a difference in the lives of poor children in Uganda.

C. When the 100 days are over and the One-Hundred Dollars have been sent to the Weniruda Entrprise, say a prayer for the special child you have helped educate, and observe the peace and joy that this work of mercy has brought to your family.
